EBB & FLOW

FESTIVAL GUIDE

CONTENTS

INTRODUCING EBB & FLOW

The theme for NTU Arts Festival 2022 is Ebb & Flow. Ebb & Flow aims to celebrate the myriad of different art forms in NTU, much like the multiplicity of existent water forms. As NTU Arts Festival 2021's theme Midsummer Medley aimed to strengthen bonds within NTU and promote unity within CAC, Ebb & Flow will follow suit, further building up connections within the different art forms and celebrating both its uniqueness and similarities as one.

While previous years highlighted internal cohesion and pushing limits, Ebb & Flow plans to not only represent the arts community in NTU, but also its audience; providing and introducing to them a platform to appreciate the different forms of arts all at once. Ebb & Flow embodies all benefactors of NTU Arts Festival – the student body, the performers, the audience – and brings them all together by recognising their distinctive qualities and their similitude.

ABOUT CULTURAL ACTIVITIES CLUB

The NTU Cultural Activities Club (CAC) is one of the four non-academic constituent clubs in the university, established with the aim of fostering greater cultural awareness and interests among the NTU student population.

CAC is an umbrella organisation consisting of 23 Member Clubs, 5 Support Committees and 5 Special Projects, working hand in hand as staunch advocates of the performing arts. The club continues to attain considerable popularity and recognition within the university as well as from the public in our mission to promote a vibrant campus experience through activities pertaining to the performing arts

and cultural activities. In CAC, there is always room for all of our members to shine regardless of our diverse interests and motivations – represented through our slogan 'Many Faces, One Club'.

More than 500 students join the CAC family every year to pursue their passion in the performing arts and event management, making the club one of the largest student organisations in NTU. Besides the new faces that join our large family, CAC also enjoys continual support from our alumni in our journey to nurture the artistic talents of NTU and transform the university into an arts and cultural hub worthy of international mention.

ABOUT NTU ARTS FESTIVAL

Occurring from January to February 2022, NTU Arts Festival (NAF) 2022 is a Special Project under NTU Cultural Activities Club (CAC) which aims to develop NTU's potential as a cultural hub and establish itself as a premier event that will be placed on the cultural and arts calendar of Singapore. Involving the 23 CAC Member Clubs and established arts and cultural groups within NTU, NAF aims to promote the understanding and appreciation of the arts within the NTU community and bring our NTU arts scene to greater acknowledgement in the wider local arts scene.

This year, NAF will consist of 4 main segments of programmes:

DIRECTOR'S NOTE

I am proud to present this year's iteration of NTU Arts Festival (NAF)!

NAF has taken thematic form in Ebb & Flow, taking inspiration from the myriad of water bodies and aims to highlight the value of the different art forms. Despite the challenging circumstances of today, the committee has continuously created a platform that proves the tenacity of our NTU arts community. With 4 main programme segments and presenting over 20 exciting programmes, the committee has worked relentlessly over the past months to curate and unveil NAF to the NTU community and beyond. Showcasing CAC Member Clubs, arts and cultural groups from the NTU community, Halls of Residences and National Institute of Education, NAF brings them to convergence in the celebration of our very own NTU arts scene.

In close collaboration with CAC Arts From The Heart (AFTH), we are happy to announce that proceeds from NAF will be contributed towards our beneficiaries of the Singapore Association for Mental Health to contribute back to our community at large. We are also pleased to present NAF's second year running in hosting a livestream showcase for the NTU arts community.

The committee and I would like to give our heartfelt gratitude towards the following teams for which without their support, NAF would not be possible. Thank you to NTU Student Affairs Office, CAC Member Clubs, Special Projects & Support Committees for your generous and inspiring support. I would also like to thank the NAF committee for your unending hardwork and steadfast dedication in the past months to make this festival come to life.

We look forward to seeing you at NAF! Delve into our Marketplace selections featuring a variety of NTU small arts and craft businesses, support our NTU performing arts clubs at Surge Livestream and join in on our Sticker Olympia Contest amongst our other offerings.

They can repeat the process and try scraping it over the previous colors to blend the paint.

JEWELLERY MAKING

When COVID-19 happened and Circuit Breaker hit, Yu Zhe decided that it was finally time he translated the knowledge he possessed by watching others make jewellery from YouTube videos by actually making them on his own. In the world of handmade jewellery, there is always something for everyone. By crafting jewellery on your own, you get to decide your style and what you ultimately decide to wear. In this workshop, participants will be creating your very own geometric earrings and a simple yet stylish bracelet chain. Through this workshop, participants will acquire fundamental jewellery making skills. Come and be captivated in the world of handmade jewellery.

SOAP MAKING

Soap making is a workshop where participants are able to customise and make their own soap. Hosted by Nanyang Arts Ensemble, come and join us for the opportunity to design your very own customized soap that is unique to you!

This workshop aims to provide you with an introduction on the knowledge and tools to record and arrange popular music. Using one of the most ubiquitous music-making tools in the market, this workshop allows you the opportunities to explore recording and editing of melodies, harmonies, and basic bass & drum patterns using software instruments. You will also explore the use of Apple Loops to enhance your arrangement ideas. In addition, you will learn about the specific musical terms and concepts that will help you better understand and describe your music arrangement. Through this experience, you will deepen your technological content knowledge and at the same time improve self-efficacy in the development of your musical abilities!

Born from the blending of African rhythms and movements with European structured dance, the Lindy Hop is an American partner dance that evolved in Harlem, New York City, in the 1920s and 1930s. Now, Lindy is mainly based on jazz, tap, breakaway, and Charleston, a cheeky and jolly dance style which is gaining popularity in Asia! NTU's Lindy Hop will bring you back to the golden age of the 1900s, with old school carnivals and glamour, where the big bands would play their tunes till the early morning. Like other dance genres, the moves in Lindy Hop have its distinct rhythm and strictness. However, the nature of Lindy Hop is far from rigid so for those who have always wanted to try out dance, NTU Lindy Hop is a good starting point!

Originating from Johor, Malaysia, this drumming style traditionally involves 24 performers and drums, with dance-like choreography that marvellously incorporates traditional martial arts elements with rhythm to create a captivating drum performance. For the past two decades, the club has continuously strived for excellence in this art and aims to spread the love for the traditional Chinese Culture and the 24 Festive Drums to the school and the larger community in Singapore.

JAZZ & BLUES

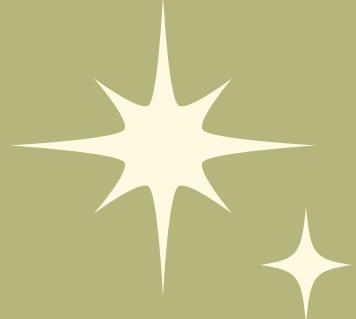

NTU CAC Jazz & Blues has always been about the people and making music. During COVID-19, we have been relegated to smaller groups, but our members stay headstrong and vibrant. While we can't share our music in our live performances, this has allowed us to grow as a club and explore the digital world of studio recordings and audio mixing to bring our music online for people to enjoy in the comforts of their own homes. We love doing what we do, and will always be creating memories by chillin', jammin', and bustin' out some great music with lovely people.

HARMONIX

NTU Harmonix is a vibrant and thriving family with members who have the passion to share their love for music using only their voices. Harmonix has been working towards bringing a different sound to the college community as well as the local A capella scene. With the blend of different personalities and colourful vocals, they strive to showcase a coherent and sophisticated sound and sensational harmonies to engage and entertain audiences.

CONTEMP{MINATED}

Since inception, Contemp{minated} has developed our artistic flair through a repertoire of performances aimed at engaging and captivating our audience. Having grown and diversified with dancers of various backgrounds, Contemp{minated} prides itself in providing a safe space for members to explore while expressing their individuality and creativity. The club strives to continually push the boundaries of growth as we embark on new chapters with our resident instructor, Shannon Choo. With the combined experiences of our current members and alumni, Contemp{minated} hopes to further nurture and guide dancers in their journey of self-discovery, through a fine balance of artistic movements and techniques.

ARTS FOR GOOD

NAF X AFG INITIATIVE

A unique collaboration between NAF and Student Community Engagement (SCE), Arts For Good (AFG) aims to marry the beauty of creative expression and doing good for the community. In this year's edition of NAF x AFG, we want to highlight the potential of the arts to heal in a time when healing is needed the most. We want to go back to basics, portraying art in its purest, joyous form. Be it an avenue for self-expression, an outlet for emotions, or a proponent for mental well-being, the arts has the ability to unite us in times of uncertainty while preserving our identity.

During the extended periods of isolation we experienced, many looked to arts-related hobbies like sewing, cooking and painting in order to de-stress and occupy their inner creatives. Through NAF, we aim to remind the public about these rejuvenating benefits of the arts that allows all to freely express their emotions and feelings.

Through our thematic focus on joy and unity, NAF x AFG allows us to do good and feel good through our programmes, from the plethora of workshops with a safe space to create and learn new skills, to our Art Label Installation imploring you to look deeper into your whole self. Our collaboration with the Singapore Association for Mental Health aims to spread acceptance of mental health, both monetarily in terms of donations and by using NAF as a platform to showcase their cause.

ARTS FOR GOOD

31 JAN - 23 FEB 2022

What would you do for good?

WHAT WOULD YOU DO FOR GOOD?

We hope that by the end of NAF x AFG, you will be inspired to use the arts to do good for the community, to be kinder to yourself, and to influence others around you to do the same.

As you embrace the new normal, do prioritise your well-being, be it physically, emotionally or mentally. Engage in artful activities like sewing, dancing, or just whistling a tune to your inner rhythm. Even the simplest artistic endeavors hold merit in managing life's pressures and unearthing your creativity within.

If you would like to find out more information about mental wellness, you can drop by the Cozy Corner at the Global Lounge, managed by NTU's Peer Helpers Programme (PHP), who also regularly hosts art-jamming sessions. Feel free to drop by for some much-needed art therapy.

As you steer through your ever-so unpredictable life in NTU, you can be comforted through the solace that the arts brings. Remember, EARTH without ART is just EH, so live artfully and let it inspire you to make doing good your new norm!

NAF 2022 MERCHANDISE
